Speakers from within Ontario and other jurisdictions are invited to lead interactive and hands-on sessions and to share their expertise and experience in creating and measuring learning outcomes.

This will be an in-depth learning opportunity for College and University faculty, deans, senior administrators, staff of teaching and learning centres, and others involved in the assessment of learning outcomes. The event will include:

Concurrent Workshops: In-depth, interactive sessions with leaders of successful assessment initiatives.

Be sure to mark these dates in your calendar and share this announcement with others who may want to participate in the workshops, take advantage of the unlimited networking opportunities and be part of this dynamic event.

More details and registration information will be distributed in due course.
